How long:

MS & HS 1 class period

Elementary no longer than 30 minutes in separate room from MS & HS

(May use ISS as a Suspension Room/student works in the room for the day or set time)

What to do:

Think sheet

First go over the Code of Conduct and have student name the code they broke

See if apologies are needed

Head down/Quiet/or/Complete work

Plan:

- First time sent to ISS/ Teacher will do a follow up call at end of day--log into google doc form and document
- If student is sent a second time to ISS in same day or next day (or pattern of being sent out): a conference with parent, teacher (if available) principal and behavior assistant (Lyndsi)
- Third time...consequence to be determined with each individual behavior issue/concern.

Serious issues: Suspensions

1. When there is a behavior that poses a serious danger or threat to safety
2. When the behavior is illegal
3. When there are major disruptions to the educational process (all steps followed first)

Plan/contract with student and parent when they return
