

September 16, 2021

Dear Taholah Families,

We hope all are well and safe. As we have stated before, our priority is the safety of our students and staff. The Taholah School Board had their monthly meeting last night and made some tough decisions regarding attendance and safety protocols at our sports events. **These requirements are subject to change if they are not effective or individuals do not respect the set requirements.**

This decision has been approved by the Taholah School Board and the QIN Business Council.

1. Only 2 fans per athlete (home and guest team) will be allowed tickets to attend the sporting event. Children will count/need a ticket to attend the event. The guest teams will be given the same total amount of tickets as our athletes are given.
2. 6 feet space between fans. (the two attending together may sit to together)
3. All individuals must be masked at all times.

Taholah School District has and will continue to collaborate with QIN's ICT regarding safety protocols set to keep this community safe. The Board has agreed to reevaluate the situation when there is a change in the Quinault Indian Nation's COVID levels.

The games will be live streamed.

Thank you

Patti Larriva
Superintendent/Principal
